Dear Dr. Tung:

Please find enclosed three (3) revised copies of our manuscript "Zonal asymmetries, teleconnections, and annular modes in a GCM" (JAS-877). Please also find our point-by-point response to the Reviewers, and two (2) original copies of the figures and captions. I would also like to express again my thanks for extending the deadline for returning the revised manuscript, and my apologies for its lateness.

Sincerely,

Benjamin A. Cash
